

SICKLE CELL ANAEMIA

Sickle cell anaemia is a genetically inherited disease that is most common in Britain amongst people of African and Caribbean descent, although it is also found in those whose ancestry can be traced to the Eastern Mediterranean, the Middle East and Asia.

SICKLE CELL SOCIETY

Telephone: 020 8961 7795

They provide a wide range of services from information, advice and counselling, to financial help, holidays, briefings, seminars and training. The Society is committed to ensuring that sufferers benefit directly from voluntary donations that make up the welfare fund.
