

BSM MOBILITY

Greater independence for people with disabilities

How greater independence can be just around the corner. Learning to drive can bring much greater independence and open up new horizons for people with disabilities.

With more freedom to get out and about, visit friends, or just to enjoy the thrill of the open road, being able to drive can make a huge difference to your life. It can even lead to new employment opportunities.

BSM Mobility can make it happen for you. You would be surprised by the thousands of disabled people who train and pass with BSM Mobility. Many of them had previously thought that they'd never be able to drive, but at BSM we helped make it possible.

Specialised driver training. Learning to drive with BSM Mobility means being trained by specialist instructors who are not only experts in their field, but who also understand and care about your individual needs.

They have around 200 dedicated BSM Mobility instructors who are all licensed by the Driving Standards Agency and who undergo additional professional mobility training.

Their instructors therefore have the experience and the expertise to tailor training to meet many physical and learning difficulties in order to give the best possible preparation for passing your test.

The complete service

As well as the highest standards of specialist instruction in both the practical and theory aspects of the driving test, learning to drive the BSM way also means you will:

- Get value for money with BSM's lesson packages plus free RAC cover when booking 10 or more lessons
- Benefit from our extensive array of technologically advanced learning aids exclusive to BSM that make learning to drive easier and more enjoyable
- Have less to worry about as our national call centre, network of local BSM Centres and team of

instructors, take the hassle out of learning to drive by assisting you every step of the way during the learning to drive process, from booking your tests to completing your licence application forms to giving you useful tips and advice to pass the test.

Specially adapted cars

BSM Mobility training is provided in dual-controlled Vauxhall Corsa automatic cars fitted with specialist adaptations, including:

- A left and right accelerator pedal
- Push/pull hand control to activate brake and accelerator
- Infrared system combined with steering grip to activate horn, wipers, washers, indicators and lights including dipped headlights

In addition to the above, and depending on your individual requirements, our instructors can also arrange a series of additional driving and safety aids in the car in which you train.

Whatever your needs, you can relax, safe in the knowledge that your instructor will know exactly how best to make your driving experience as comfortable and as enjoyable as possible.

IMPORTANT

If you have any concerns about your ability to drive or which adaptations you may need, please seek advice from your nearest Assessment Centre. To drive you must be over 16 years and in receipt of the 'Higher Rate Mobility Allowance'.
