HUGHES SYNDROME FOUNDATION

Telephone: 020 71888217

Fax: 020 76330462

They are a registered charity, aiming to provide information about Hughes Syndrome (antiphospholipid syndrome: APS), to help fund research into this condition and provide support to sufferers. Although the syndrome is only 20 years old, knowledge of its causes and treatment has advanced dramatically. Sadly, however, education often lags behind and many doctors (including specialists) have still not heard of the condition. Or at most only have a hazy idea. Many patients have visited doctor after doctor before the penny has dropped.
